

Weimaraner Health Questionnaire

The Kennel Club along with the Weimaraner Breed Clubs are keen to know of any illness or ailments your Weimaraner may have had or is currently being treated for. The Kennel Club has asked for breeds to nominate a Health Liaison Representative to collate any information relating to the health of their breed. **The Representative for Weimaraners is Dr Christopher Thrasivoulou.**

The purpose of this would be to identify any health issues that are currently facing the breed.

Below you will find a short questionnaire, which we would like you to complete. Any information will be treated in **STRICTEST CONFIDENCE**. You do not have to be a member of any breed club to help with this; we need information from everyone with a Weimaraner.

You do not have to fill in any personal details or give the registered name of your dog, you can give their pet name but it is important to name the sire and dam. It is also important that you give your permission to your Vet to discuss with Dr Chris Thrasivoulou, any health problems that your dog may have suffered should he need to be contacted.

Please email the form to c.thrasivoulou@ucl.ac.uk
Alternatively, please post to Dr Christopher Thrasivoulou, 103 Vicarage Road, Leyton, London, E10 5EQ
